

General English Course Description

This course is intended for levels A2- (elementary, pre-intermediate) and is offered for a period of 4 weeks / 16 hours.

This General English course is designed to improve students' overall language skills in speaking, listening, reading, and writing. Suitable for learners of all levels, the course focuses on building practical communication abilities for everyday situations. Through interactive lessons, vocabulary expansion, grammar practice, and cultural awareness, students will gain confidence in using English in both personal and professional contexts. Emphasis is placed on developing fluency, accuracy, and comprehension, providing a solid foundation for further language studies or real-world applications.

Topics Covered are:

- Introduction to General English
- Everyday Communication skill and Descriptive Skills
- Workplace and Real-Life Situational Language
- Social Interaction and Cultural Topics
